ROBT, SMITH.

JAMES KELLY,
ZOPHAR MILLS.

Mr. Thackeray's Lecture, for the benefit of the Fociety for the Employment and Relief of the Poor, at the Chorch of the Messiah, No. 728 Broadway, on MONDAY, Jamery 31. Lecture to commence at 8 o'clock P. M. Tick-ets (\$1 each) to be precured at the Bookstores of Charles S. Francis & Co., No. 252 Broadway; T. J. Crowen, No. 599 Broadway; Evans & Brittan, No. 897 Broadway; Willard Felt, No. 191 Fearl-st., and at the door.

TO "What Is Truth?"—The course of highly important lectures on "The Creation," by Dr. JOHN THOMAS, at Chelsea Hall, No. 186 West 18th-st., has drawn increasingly numerous audiences of Bible students and truth seekers. The fifth will be delivered next SUNDAY EVEN-ING, on "The Constitution of Man," in which will be expected the popular dust Pagna and unscriptural) domas of the day, as seen is the numberless issue, including that species of modern necromancy, Spiritualism.

Lif Physlognomy, Dr. REDFIELD will give the first of a Course of Lectures upon Physiognomy, with practical illustrations this (FRIDAY) EVENING, at 72 c'clock, at No. 419 Broadway, comer of Lispenard, where a class is forming for practical instruction in the science. Admission 25 cents. Saturday evening, Phrenological Lecture and delineations.

THINGSON River Railroad—STOP THAT EN-GINE.—Pursuant to public notice, a meeting of property owners and residence of the XIXth and XXth Wards, in the vicinity of 11th-av., was field on Wednesday evening, at the house of Mr. Donnelly, at the corner of lith-av. and 7th-at., for the purpose of taking measures to secure a pro-hibition of the use of steam on the Hudson River Railroad in the City below the st.

On motion of M. Caleb F. Lindsley, Gen. GARRETT H. STRIKER was called to the Chair, on taking which he made a few pertinent remarks, setting forth the effects of the grievance complained of, in depreciating the value of property. by jeonardizing the lives of those who may reads along the line of the road, and the remedy proposed for the unisance.

property. by jeopardizing the lives of those who may read a doug the line of the road, and the remedy proposed for the univance.

On motion of Edward P. Clark, Esq., Mesars, C. C. Rllis, Robert Auld, J. A. Donnelly, Abner Benedict, and William Gillen, were appointed Secretaries, and Robert Auld, Treasurer.

A remonstrace against continuing the use of steam by the Hadson River Railroad, between 31st and 61st-st, was then drawn up, and aigned by about two hundred persons, for presentation to the Committee of the Common Council, and Mesare Garrett H. Striker, E. P. Clark, J. H., Mott, Robert Auld, C. G. Ellis, Caleb F. Lindsley, Abner Benedict, and C. J. Bonnelly, were appointed a Committee to wait upon the Joint Committee of the Common Council having the subject of Railroads under consideration, for the purpose of urging the immediate action of that body in the passage of an Ordinance prohibiting the use of Steam, as a motive power, below 61st-st.

The meeting was ably addressed by the Chair, also by Robert Auld, Abner Benedict, Alderman Doberty, I. H. Mott, Ambress Striker, Celeb F. Lindsley, and A. Cornwall, whose remarks were most enthusiastically received and responded to.

Upward of two hundred dollars were then subscribed toward defraying the incidental expenses that may be incurred in carrying out the object of the meeting.

E. P. Clara, Esq. then presented the following conductors, expressive of the views of the meeting, with a few appropriate remarks, which were manimously adopted:

Resolved, That while we are desirous that Corporation, as well as individuals, shall be protected in all the just rights, tranchises, and privileges guarranteed to them by the laws, yet we are fully sensible that in the exercise and capyment of the same, care must be taken not to interfere with the equally just rights of other members of the same community.

Reserved, That a Railroad Company as a Corporation, is

with the equally just rights of other members of the same community. Researed, That a Railroad Company as a Corporation, is amore creature of the stainte, and when in the exercise of its functions it overafeys its proper limits and invades the casting rights and comfort of the inhabitants on its line in this City, the evil becomes a nuisance, and as such should be ahated by the proper amborities.

Resolved, That the running of the trains of the Hudson River Railroad Company, on that part of their road in this City, between dist and bistests, comes within the category has above-mentioned and demands the prompt attention of the City Government in romeology the same.

Resolved, That the fact that it requires a speed of twenty-twe miles an hour to overcome the grade between Sixt and bistests, in itself enough to demonstrate, without further evidence, the imissionn danger to lives and limbs from the most offers on the first the profits of said read-so-of many others, in rendering houses and tenuments along the line of said read-wand and uninhabited, and in greatly depreciating real estate.

Resoluted, That for most, if not all, the cuits and injuries

in rendering houses and tenuments along the line of said read viscant and unlimbabled, and in greatly depreciating real estate.

Resolved, That for most, if not all, the evite and injuries remitting from the use of steam on Railwood, no adquaste resisted on be had by suit or otherwise, and especially are we continued in this belief by the recent adjudication in the Court of Common Pleas in this City, wherein it was decided that in the case of a resident passing over 11th-av, on the read between 34th and 35th-sth., theing the only part available for passing) was killed by a train which passed at the speed of 35 miles per bour, there was no logal redress.

Resolved, That, while we depreach hard or violent incasares to remove or abate the evil complained of, yet we greatly fear that, in a populouseity like this, under outrages, and wromes and exasperations, difficult at bast to be borne, and for which we have seen there is no redress by law, that a part of the community will, with alffecting, be restrained from proceeding to take the law into their own hands, unless the proper remedy is applied before it is the late.

The meeting then unanimously advanted to meet at No. 10 City Hall, at 20-clock, on TCESDAT, the 31st inst, for the purpose of pursonally making known their wishes to the City Pathers, and expectations had their restrained in the City Pathers.

the purpose of personally making known their wishes to the City Fathers, and expectations that their rights will be only considered and respected in this matter. G. H. STRIKER, Chairman. C. C. Ellis, Secretary.

To the Public.—A BAEZ Dental Surgeon, re-spectfully informs the public that he will attend patients at blacklice, south-east corner of Great Jones-st. and Broad-

NEW-YORK, FRIDAY, JANUARY 28, 1853.

A NEW and COMPLETE GAZETTEER of the UNITED STATES—edited by T. Ealdwin and J. Thomas, M. D.—with a new and superb Map of the United States, engraved upon steel. In course of publication by LIPFENCOTT GRAMBO & Co., Philadalphia.

The publication of this, the most elaborate, thorough, and complete Genetiter of the United States ever attempted, has been delayed by the shoulten necessity of obtaining the full and complete Census returns, without which any work of the sort must totally fail to answor the purpose for which a Gazetteer is especially needed. The moment a publication of the Census returns is made by Congress—now looked for daily—this new work will be completed and issued.

The plan upon which this new Gazetteer is arranged will be found superior to any yet attempted, and perfectly adapted to the wants and convenience of those who consult its pages. This arrangement is strictly alphabetical, so that by once referring to any name, the reader will be put in possession of all the requisite theta, and not be under the necessity of referring to one page for a description of a place and to another for the statistics.

Bediese containing everything of value that is to be found in any other Gusetteer, a very large amount of new and valuable information, received during the past five years, from over two thousand correspondents, in all parts of the country will give to this new Gazetteer a value incomparably beyond any work of the same character. Especially will it be found original and valuable, as eiving particular information about the newer portions of our country; and it will contain notices of some thousands of towas, to wnships and villages not named in any Gazetteer yet published. to Industral Home Sesociation No. 2.—The thirty-third relate meeting of this Association will be held on FRIDAY EVENING, Jen 28, at Union Building, No. 183 Bewery. This Association is organized on the sump plan as Mount ferron, No. 1, and Union Port, No. 2. The land is located in an elevated position between Williams Bridge as Mount Vernon, has a front of 14 miles on the Harleon and New Haven Railroads, and communds a fine view of Long lakend Sound, the Falisades and the surrounding country. It will be laid out in acre, half and quarror are lots. The duce will be \$2 per week for the first six mouths, and \$1 per week thereafter. Copies of the Constitution and By-laws can be had of JOHN COMMERFORD, No. 44 Broadway; W. B. SMITH, No. 11 Nassau-st.; C. A. COOPER, No. 110 Barrov-st.; J. WELLS, No. 30 Avenue B.; J. A. IRON FURNACE.-Will be sold at the Ex-I change, in the City of Bultimore, on the 17th Februar RNS, the Cuttle Creek Furnace, with the adjoining 7,00

1870, the Curtis Creck Fernace, with the adjoining 7,000 acres of Land.

The Stack, 8 feet baseh and 70 feet high, capable of producing 80 ters per work, is in excellent repair. The Blowing cylinders are of from and driven by water, of which there is a 10 feet fail and never failing supply. The Ore is brought by boats from the bank, which is on the water's edge, a few miles off. It makes the boat Baltimore Forgulard Foundry from use the reputation of the brand proves.

The Furnace is but 8 miles from the city and 3 from the Paingsco River. It is of easy access for achooners, which can macer at the yand, and thus great feelility is given to the chwaring of wood, we such that wood can be couled at any moment, and the Furnace stated and worked as advantageously as any Furnace on the harbor. Its Ore can be had at a cheaper rate, and, by cutting wood on the land, the coal can be had for insuch less than by the harbor Furnaces.

The Ruilding, comparing Store, Store-House, Balldings

the coal can be not for many acces.

The Building, comprising Store, Store-House, Buildings for hands and Stabling, are in good repair.

Three wash roads run through the Land, 1,000 acres of which, on the water, is worth, for farming purposes 549 per acre; 2,056 more are very good Land, and the balance is mostly grown with fine young timber.

Terms—Che-Gurth cash; balance in 12, 13, and 24 menths, with interest and executive.

JOHN GLENN, Trustee.

JONES'S SYSTEM of BOOK-KEEPING for COMMON SCHOOLS.

I. TEXT BOOK, 48 pp., 8vo., Paper Cever.

II. DAY BOOK, Blanks.

The three books, neatly put up in a case, are sold at fifty cents, by retail, with the usual discount, by the quantity.

". In most School-books, pupils are required to keep an account of their Recitations in Debits and Credits. Mr. Jones has here presented a far more perfect system of keeping these accounts, by regarding the Debits and Credits are regular money transactions, and the pupil thereby learns the whole theory and practice of Double Entry, while he is keeping the record of his daily progress in his studies.

Published and for sale by

Next week, and Words," entitled LESSONS in NATURAL PROVERBS, by Richard Chenevix Trench, B. D., author of "The Study of Words," in one vol., 12mo. Price fifty cents.
